A- It says here ars. Ashcroft, the president in 1922 nominated her on the day she missed PTA. that 11 teach them not to miss any meetings. Oh yes and Miss. Campbell the 5th grade teacher had a little 8 piece children's band which entertained at the meetings.

B- And in 1919 when mrs. Andrews was president mrs. Mearst died and the whole country went into mourning. How sad but she left a wonderful gift to the children. Look here -- in 1938 mrs. martinez was a busy mother. She conducted the meetings in both Spanish and English translations. She also picked up all the women in her car, brought them to the meetings and took them home. he must have made several trips that day and that was her day off from work too. Their projects for raising money were mainly dinners.

- G- Let's see what they ve done at Mimbell (read projects) Not only that they've furnished Christmas Baskets, vitamin pills, glasses, clothing, helped in fund raising drives andmost important they've helped alot of children in so many ways. They have a Cub Schout Pack and Brownie troop too.
- A- Irene Bell in 1955 started the family get togethers at the Park. Etta Roy started a new idea in getting the men to take over the meeting--sounds good-we could let our men talk once a year too.
- B- Ann Bulgerin in 1958 got to take her first airplane ride as representative to the State Convention in San Francisco and a new wing was built and dedicated that year. Marge Riley in 1959 and 1960 had two busy years. The Christmas baskets those years altogether served over 50 persons.

Highlights of 1956-1957

April, 1956

Installation of new officers was the highlight of the April meeting. Etta Roy with her slate of officers were installed by Mrs. Richard Bylin, Corona FTA Council president.

May, 1956

Etta Roy's first words as president were, "Don't ever elect a president who is serving as chairman of the Moxican Dinnerk!" But with usual characteristic capability and good humor she tackles both and did an admirable job in each. This year's benefit was highly successful and was enjoyed by all who participated. Each year more and more outsiders are attracted to this affair.

June, 1956

P.T.A. Board Members again honored the teachers at a brunch on the last day of school.

September, 1956

For the second year Kimbell P.T.A. started the fall season with an all-family get-to-gether at the City Park. Ray Mahoney, principal, and Dr. James Merrihew, Superintendent of Schools, greetêd those who attended. Alice Phillips was delighted with having a playground so conveniently near the picnic tables. As little business as con-outed, the affair was mostly social. Gloria Richl demonstrated her talent for organization and welcomed all new families to Kimbell.

October, 1956

More bouquets to Gloria Richl. The "Sew-it-yourself" Fashion Show was an outstanding success and was attended far above expectations. Mothers who were reluctant to participate before, offered to help. Everything from sleepwear to formals was modeled. Bess Keers' decorations and refreshments added to the enjoyment.

November, 1956

Believe it or not, fathers are parents. The question in everyone's midd, "Why didn't we do this before?" Russell Roy with dry wit, handled the presidential duties with aplomb. Bill Riehl was self-assured and amusing in his role as program chairman. Bill Bray, Ray Fortier, Harry Frankland, Howard Neill, Loyd Parsley all handled their wives' duties with dispatch. This should become an annual tradition.

December, 1956

Once more, a good deed, community wise, was performed by Kimbell F.T.A. member by serving on the Corona Christmas Basket Committee and by aiding in welfare to needy families.

January, 1957

Mother's March on Polio was under the leadership of Jo Calder.

Rain may have dampened the spirits of many, but those who braved the elements were amply rewarded by the demonstration of the electronic oven. This is worth a repeat performance.

February, 1957

To prove that the noble in spirit are recognized, Mrs. Durward (Irene) Bell was honored with a Life Membership in P.T.A. at the Founder's Day meeting. Gracious Mrs. Bell who has been indefatigable in all community activities was the logical choice for the Kimbell honor.

March, 1957

Parents were delighted with the thank-you note composed by Mrs. Fat Outhet's kindergarten classes for their rug. This rug was purchased from the proceeds of the Mexican Dinner.

The work the parents, teachers and children did so enthusiastically and the cooperation of all resulted in the usual success of the evening.

Kimbell School slates gay Halloween affair

Carnival time is set this Thursday evening at Kimbell Elementary School to celebrate Halloween. Festivities will begin at 6:30 p. m. on the school grounds.

For the children there will be a costume parade as well as booths and many games, such as dart games, a clown toss, a bowling booth and hat toss; a buried treasure game; and a cake walk, and the traditional spook house. A small charge will be made for these activities.

School youngsters attending are asked to bring a 10-cent item for the fish pond booth. Hot dogs, coffee, hot chocolate, pie and cake will be on sale for those wishing refreshments.

Parents wishing to donate cakes or pies for the event are asked to call Mrs. Charles Voegele at 737-3322. All parents who are willing to assist in the booths may call Mrs. Abernathy at 737-9443.

The PTA committee planning the event is hopeful that all Kimbell School families will be present to join in the fun Thursday.

Kimbell kids make

By MARJORIE FREEMAN After Kimbell elementary school underwent additions and facelifting there was an awful lot of blank wall in the remodelled office unit.

"We had pictures to put up," says principal Ray L. Mahoney, but I thought maybe the teachers had some decorating ideas."

Dorothy Thielges, combined fourth and fifth grade teacher, did. She suggested a mosaic plaque of the Great Seal of the State of California, to be made as a class project.

The nine and 10-year-olds set to work with a will, most of the work being done after school and when they had a few minutes to spare at the end of class assignments.

But first . . . "Did you ever try to find a color reproduction of the Great Seal" asks Mahoney, "Black and white ones galore, but no color."

Finally one was located -

at the school, and probably about two months and the leen McNamara - and it was put in the opaque projector, thrown on a sheet of paper tacked to the wall, and the outline traced.

This was transferred to a piece of plywood 18 inches in diameter, and the real fun

Most of the 10 - color mosaic work, believe it or not, is colored roofing gravel donated by Minnesota Mining, used either as is, or mixed to the required shade. The red is colored acquarium gravel and for the 31 stars, the youngsters brought in rocks and crushed them. The gold is braid.

ON HIS FEET — Students at Kimbell School got a double thrill this morning in an awards assembly. Not only were the honored, but their principal, Ray Mahohy, conducted the assembly on his feet for the first time since a tragic automobile accident. Among those in the honor are Veda Higley, Louise Bulgerin, Canada and the state of the state of

laide Lennox, receiving awards for assisting the administration. Other awards, were given for safety patol, perfect attendance and student council members. This was the first time Mahoney has pepeared on his feet since his car overturned many months ago, injuring his back and confining his to bed for months and then a wheel chair. When he walked out on crutches the students cheered while teachers tried to flight back tears.—CDI Photo
